## **Say Cheese**

**16,00**

4 Belgian cheeses selected by the world famous cheese masters Van Tricht.  
Served with a compote of apricot, Antwerps "roggeverdommeke" bread from "The Bakery" by Kenney.

*We recommend three drinks to pair with our cheese platter:*

### **Port Morgadio da Calçada LBV**

**7,50**

A beautifully aged red port, directly from the Douro region.

### **Liefmans Goudenband 8,0° - 33cl**

**5,50**

A perfect partner for these cheeses.

### **Port Cocktail**

**12,00**

A lovely creation from our head bartender Wim Deweerdt.  
42 Below vodka stirred with Taylor's White Port, Butterscotch liqueur, Frangelico and walnut bitters.

### **1<sup>st</sup> Het Keiems Bloempje**

Deliciously soft cheese. 100% West-Flemish origin white mould cheese. Born between the Polders and the Houtland region.

### **2<sup>nd</sup> Camembert Gaslonde**

Camembert Gaslonde is made in Normandy. The cows graze close to the sea, which makes the grass salty and gives it a full flavor.

### **3<sup>rd</sup> Old Remeker**

Hard cheese made from raw cow's milk. Originating from Lunteren in the province of Gelderland, in the Netherlands. This farmer's cheese has biological raw milk from the Jersey breed as its base ingredient. What's unique here, is its natural crust, that is rubbed in with Ghee, a butter extract, during the ripening process. This very authentic dairy product reminds us of Cantal and has developed a delightful creaminess.

### **4<sup>th</sup> XO**

This cheese is made in the Gouda region in the Netherlands but continues to ripen for 40 months in Northern-Antwerp. It is made from pasteurized cow's milk. Because of this uncommonly long ripening process, it develops ripening crystals leading to a good bite. Salty flavours with a nutty aftertaste.

## **Tabu Red Absinthe (GR – 55°)**

**8,00**

Tabu Red Absinthe is a German absinthe, where oranges were added. Fruity, spicy, 55% of alcohol and a brown amberish color, this one tastes like anise, licorice and other bitter herbs.

*Taste: oranges softly emerging from the background.*

## **D.D Provence Grand Absente 69 (FR – 69°)**

**9,00**

Grande Absente 69 is a green-colored handmade absinthe, from a distillery in Domaines de Provence. Crafted according to the same traditional method that has been used since 1860, Grande Absente is made of nothing but herbs, spices and anise of the highest quality. The combination of top notch ingredients and French traditional distillation techniques make Grande Absente 69 a unique drink with a fairly high alcohol content of 69%.

## **L'Entete (FR – 62°)**

**13,00**

Superbly clean with great anise character, fennel and faint floral notes. Bitter wormwood shines with water.

*Taste: bitter and floral.*

## **Hapsburg Green (UK – 72.5°)**

**10,00**

Hapsburg Classic is expertly made to a traditional recipe and infused with artemisia absinthium (grand wormwood). Hapsburg Classic combines an authentic taste with the unique flavour of Hapsburg.

*Taste: strong and minty.*

- Mansinthe (CH – 66.6°)** **13,00**  
The absinthe of Marilyn Manson is a natural absinthe that is distilled from vermouth, aniseed, fennel, and other fine herbs. Mansinthe was awarded a gold medal at the San Francisco World Spirits Competition 2008. *Taste: fennel and anise.*
- Pernod (FR – 68°)** **11,00**  
The original recipe of the ‘absinthe elixir’ is attributed to Dr. Pierre Ordinaire, who developed it in 1792. However, for the new edition of the Pernod absinthe, they have refined the recipe and the method of production to meet the tastes of the modern palate. As a result, Pernod Absinthe certainly impresses with its bitterness, which – according to the original recipe – is because of the use of exquisite vermouth plants.  
*Taste: bitter.*
- Jacques Senaux Green (ES – 70°)** **8,00**  
A Spanish absinthe made with grand wormwood. This one has a vivid green hue and contains small amounts of thujone, the chemical which was originally blamed for the supposed psychedelic effects of this spirit.  
*Taste: subtly bitter and goes perfectly against a background of distilled liquorice, with aniseed notes to finish.*
- Sublime Absente (FR – 89°)** **11,00**  
An extremely powerful absinthe from French spirits experts Distilleries et Domaines de Provence. This spirit has been made to a traditional recipe, using mugwort, star anise, aniseed, balm, mint and wormwood (*artemisia absinthium*). Distilleries de Provence use less sugar in their absinthe than other producers, ensuring a more powerful herbal flavour.  
*Taste: strong and herbal.*

# BOURBON & RYE

## **Jim Beam, Kentucky Straight Bourbon**

**8,00**

The story of the Beam family is one of seven generations, more than 200 years, countless challenges and one goal; to make the best bourbon in the world. So settle in, pour yourself a bourbon and prepare to travel back in time with the First Family of Bourbon. Elegant. Smooth. Refined. That's what 4 years of aging in newly charred American white oak barrels does to our bourbon. But every drop is worth the effort, and Jim Beam loves the idea of sticking to their great-great-grandfather's recipe.

## **Maker's Mark**

**11,00**

Bill Samuels Sr., simply wanted a whisky he would enjoy drinking. That's why Maker's Mark is made with soft red winter wheat, instead of the usual rye, for a full-flavored bourbon that's never bitter or hot. To ensure consistency, we rotate every barrel by hand and age our bourbon to taste, not time. Each and every bottle of Maker's is still hand-dipped in signature red wax at Maker's Mark distillery in Loretto, KY, just like Bill would have wanted.

## **Knob Creek**

**14,00**

There's no faking full bourbon flavor. It has to be earned. So that's what they do in Clermont: they earn it. Made with the finest grains and finished by meticulously aging their whiskey in white oak barrels with maximum char, for an unmistakable richness and signature sweetness. It's the natural way. And there's just no cheating nature.

## **St. Germain Elderflower**

**11,00**

An all-natural elderflower liqueur produced in France. The elderflower is delicate and tends to lose its fragrance when processed. St. Germain bypasses that problem by processing the fresh, hand-picked blossoms as soon as they are biked down from the Alps.

## **Disaronno**

The unique recipe gives the drink a wonderfully soft and aromatic taste. These aromas come exclusively from bitter apricot kernels, the example of Italian lifestyle.
